

JEREMIAH KYLLE CHU BAUN

JKBAUN@GMAIL.COM | [GITHUB.COM/JKBAUN](https://github.com/JKBAUN) | +973-3628 2460 | JUFFAIR, BAHRAIN

EDUCATION

Sacred Heart School | GPA: 85% (Year 11) *Expected Graduation June 2027*
Pearson Edexcel IAL | Mathematics, Physics, IT *Bahrain*
IGCSE Foundation | Completed core STEM coursework (2023–2025)
Academic Honors | High Distinction in ICT

SKILLS

- **Languages & Stack:** Python, JavaScript, PHP, SQL, HTML/CSS, C++ (Microcontrollers)
- **Libraries & Tools:** Pandas, SQLAlchemy, OpenPyXL, WordPress, SQLite, Git/GitHub, VS Code
- **Hardware & Domains:** ESP32 Prototyping, Sensor Integration, Web Scraping, Data Engineering

EXPERIENCE

Software & Data Engineering Intern | ZT Media & Marketing *July 2026 – Present*
Deployed to client platforms BeautybyKat & Total Reliance *Bahrain*

- **Data Pipelines & Scraping:** Engineered concurrent web-scraping architecture (Python, Playwright, asyncio) to extract competitor catalogs (5000+ Products), using Pandas to normalize multi-vendor product schemas.
- **Automated Inventory Auditing:** Programmed automated scripts (Pandas, openpyxl) to dynamically reconcile Shopify transaction reports with warehouse stock, algorithmically flagging inventory discrepancies.
- **Custom Web Development:** Authored a responsive custom WordPress theme from scratch using PHP and CSS, serving as sole developer alongside the Lead IT Director to support backend data layers.

PROJECTS & COMPETITIONS

First Place & Best Innovator | Technology in Sustainability Competition *September 2025*

- **Hardware Engineering:** Engineered an ESP32-based water-quality monitor, integrating a repurposed photoresistor to detect murkiness and particulate levels.
- **IoT & Dashboard:** Deployed a live web dashboard to wirelessly stream and visualize real-time analog sensor metrics.

Technical Participant | NASA SpaceApps Hackathon *October 2025*

- Prototyped a data-driven solution to real-world challenges using open-source datasets within a strict 48-hour deadline.

LEADERSHIP & EXTRACURRICULARS

Vice President | Interact Club *November 2025 - October 2026*

- Led community service initiatives, managing cross-team communication and organizing an annual book drive for the Al Sanabel Orphanage.

Committee Chair & Organizer | Model United Nations (MUN) *November 2023 - Present*

- Served on the core organizing team to structure inter-school conferences, evaluating delegate performance and previously securing Best Speaker and Best Delegate honors.

Headboy | Student Council *September 2026 - June 2027*

- Coordinated with over 400 students to organize school-wide event, celebrations and initiatives.
